Evacuation Alert rescinded for Norman Lake Area

The Regional District of Fraser-Fort George has rescinded an evacuation alert around the Norman Lake area issued yesterday. Crews from BC Wildfire have confirmed the fire in the area has been contained and evacuation alert is no longer necessary.

The Regional District would like to express its sincere thanks to the firefighting crews for their hard work in containing this fire quickly and effectively. We would also like to thank the residents within the alert area for their co-operation and patience.
