Transfer Station**

SITE OPERATION

The McLeod Lake Regional Transfer Station is operated by the Regional District of Fraser-Fort George and is designed to receive **small loads** of household garbage. The material delivered to this facility will be transferred to the Foothills Boulevard Regional Landfill in Prince George.

Commercial and large loads should be delivered to either the Mackenzie Regional Landfill in Mackenzie or the Foothills Boulevard Regional Landfill in Prince George.

TRANSFER STATION SERVICES

The facility provides household garbage disposal service by way of the on-site transfer station. All waste is to be deposited into the transfer station bins.

The transfer station is designed to receive **bagged household garbage and to accommodate the tipping of garbage cans**. Household garbage is comprised of materials such as food waste, packaging waste, plastics, textiles, and glass. Garbage should be contained in a large garbage bag or a garbage can with a lid for transport to the facility. When leaving, please ensure that the bin door is shut and latched to prevent animals from entering the bin.

LOCATION MAP

MULTI-MATERIAL RECYCLING

The nearest recycle depots to this site are the Mackenzie Fire Hall or Public Works Building in Mackenzie, Bear Lake Regional Transfer Station or the Foothills Boulevard Regional Landfill in Prince George. The recycling bins are divided into two compartments:

- **Containers and Cartons**
Plastic containers, steel packaging, aluminum containers and paper packaging containing liquids when sold. Empty and rinse containers - labels are okay, remove caps, pumps & lids, place loose in the bin. Put metal lids inside cans and flatten.
- **Mixed Paper**
*Flattened cardboard, catalogues, glossy flyers, cereal boxes, office paper, kraft grocery bags, envelopes, magazines, newspaper and cardboard egg cartons. **NO paper that has any plastic, foil, wax or food residue attached to it.***

For a detailed list of accepted materials, please refer to the Regional District Recycling Brochure or visit our website.

ALTERNATE WASTE DISPOSAL OPTIONS

Scrap Metal Recycling

Private scrap metal services are available for commercial generators and for auto hulk disposal. Metal materials accepted at the Mackenzie Regional Landfill, Bear Lake Regional Transfer Station Marshalling Area or Foothills Boulevard Regional Landfill for recycling include:

- Appliances and parts such as stoves, dishwashers, hot water tanks, washers, dryers and any other **non-refrigeration** type appliance, many of which are part of MARR;
- Bicycle frames and barbecue hulks;
- Metal roofing and siding;
- Lawnmower bodies, snowmobile and motor bike frames (fuel, lubricants and tires must be removed);
- Any steel containers (drums and tanks) must be crushed or perforated to ensure that they contain no liquid or hazardous material. Pressurized containers cannot be recycled.

Appliances Containing Refrigerant

Fridges, freezers, air conditioners, and dehumidifiers under the Major Appliance Recycling Roundtable Stewardship program are accepted free of charge for recycling at Mackenzie Regional Landfill, Bear Lake Regional Transfer Station and Foothills Boulevard Regional Landfill. For more information on MARR check out their website: <https://www.marrbc.ca/>

Tire Recycling

When buying new tires, leave your old ones with the tire retailer and they will ensure that they are recycled. Otherwise, please visit www.tsbc.ca to find your nearest drop-off location. Tires can also be taken to the Mackenzie Regional Landfill. Passenger and Light Truck Tires (PLT <16.5") **off rims** can be disposed of at no charge. Medium truck tires (MT >16.5" and <25.5") and off road tires (ORT >25.5" and/or with a tread width >12") **off rims** can be disposed of at the Mackenzie Regional Landfill. Disposal fees are charged for MT and ORT tires.

Yard and Garden Waste Recycling

Backyard composting is an effective method for handling your yard and garden waste. Leaves, grass clippings and vegetable clippings can all be composted in your backyard and then added to lawns and gardens.

The Recycling & Environmental Action Planning Society (REAPS) www.reaps.org offers workshops and provides information brochures on home composting. For more information, call REAPS at 250-561-7327.

The Foothills Boulevard Regional Landfill site has a centralized composting operation for recycling yard and garden trimmings (leaves, grass and hedge clippings, plants, flowers, vegetable stalks, shrub and tree branches up to 75 mm (3 inches) in diameter). Weeds, land clearing debris and industrial sources of wood waste are not accepted for composting.
