

Recycling can seem confusing, but it doesn't have to be!

That is why the Regional District of Fraser-Fort George has created this simple guide to help you recycle household items.

Recycling Tips

- Products need to be clean and separated into their respective categories
- If the product is still in working condition, consider donating it
- Keep a separate bin near the garbage so recycling becomes a habit
- Get the whole family involved

All the products you will find inside this pamphlet are part of an Extended Producer Responsibility program. This means who ever makes a product is responsible for recycling it once it reaches end of life. Below are the EPR programs in British Columbia:

For more information on EPR programs, and where to take your recyclables, please visit www.rcbc.ca

PLEASE KEEP THIS FLYER HANDY SO YOU CAN REFER TO IT FOR INFORMATION
